

# Environmental certificate

## Electricity from hydropower

---

will purchase renewable electricity from origin-specified hydropower during the contract period. In this way you are supporting the increased efficiency of hydropower and reducing your company's environmental impact.

We guarantee that your annual consumption is produced in the form of hydropower.

The certificate is valid for \_\_\_\_\_

Best wishes,

Emma Borgström  
Head of Energy Sales B2B  
E.ON Energilösningar AB
